#### SCHEDULE III

#### RESTRICTIVE PRACTICES

**Preamble** - The IBA, AIBEA and NCBE are in full agreement that no efforts should be spared by them to ensure efficient courteous and speedy customer service in the banking industry. With this common objective in view, some restrictive practices were gone into jointly. The unions do not accept that there are any such practices. It is admitted by both sides that the details

of situations or circumstances in which certain incidents might have taken place are not available and hence they cannot be gone into in detail. The Unions, however, make it clear that it has never been the intention of the unions to indulge in any restrictive practices. The IBA concedes that in view of the size of the industry, there are difficulties in attaining perfection in the matter of control of the large work force and also of regulation and distribution of work at all the offices in the country. Both IBA and the Unions agree that much depends on the climate that develops and the relations that are built at the various offices by mutual understanding and respect for each other's difficulties. Accordingly, the IBA, AIBEA and NCBE jointly express themselves on the issues as under:-

- (1) It is for the management to distribute the work equitably amongst the employees with a view to ensuring that every one has a full day's work. Adjustments would, however, become necessary in the day-to-day working of the offices and, in the interest of smooth working, the workmen should carry out all reasonable orders of the local management. The workmen would however, be free to take up with the management any genuine difficulty in this behalf. The question of fixing any arbitrary ceiling on quantum of work by the employees themselves does not, however, arise.
- (2) While the services of senior employees would generally be utilised on desks requiring experience and knowledge, no one should refuse to work on any desk in exigencies that may arise.
- (3) The allotment of ledger/s to ledger keepers would depend on the number of transactions and the volume of work and not on the number of ledgers. Accordingly it may be justifiable and necessary to allot more than one ledger whether in Current Account, Cash Credit, Demand Loan, etc.
- (4) Employees with double designations such as clerk-typist, cashier-cum-clerk, etc., may be asked to perform both the duties on the same day. It would, however, be ensured that they are

not subjected to frequent changes of work on the same day. Where an employee who is handling cash is asked to work outside cash section he should be given time to tally and hand over his cash.

- (5) Where volume of cash work is not heavy, a Cashier may be required to work both as a paying and Receiving cashier.
- (6) Godown-Keepers attached to branches may be required to perform clerical duties whenever they are free from godown work.
- (7) The system of checking payment made by an employee by another employee and of entrusting the job of issuing tokens exclusively to an employee, are prevailing only in certain banks at certain centres. The Managements may decide on their own about the necessity of continuance or otherwise of these systems.
- (8) On special occasions it might be necessary to attend to cash transactions outside business hours. However, due care and caution should be exercised by managements in entertaining such late transactions. Such late transactions should be duly authorised by a competent official.
- (9) Normally cash should be accepted/paid at the cash counter. But employees should accept/make payment of cash other than at cash counters under instructions from a competent official in special circumstances and in such cases the concerned employees would be granted immunity from attendant risks.
- (10) The work of clerks posted in administrative offices includes drafting of letters, dealing with correspondence, etc. Similar work of a routine nature should also be performed by clerks posted in branches/departments and offices other than administrative offices.
- (11) The balancing of ledgers/registers and calculations of monthly products/interest, etc., should not be claimed as work to be necessarily and essentially performed only outside normal working hours.

(12) An employee who is assigned special allowance duties must, subject to availability of time, also perform routine duties of his cadre.

The NOBW AND INBEC (INTUC) signed Settlement with the IBA on 23rd November 1979 and 26th November 1979 respectively. The terms of the Settlements are the same as printed here.
